

Splits & Starting Sequences

For race starting on July 11, 2026

Version V01/ 2026-07-09

~

The assignment of participants by fleet, the scratch sheets, is on the Official Notice Board posted by course as:

MDC Official Notice Board - [HERE](#)
SBC Official Notice Board - [HERE](#)

At racing.loor.ca

These assignments are subject to corrections by the amendment process.

NOTE: The start sequence and times reflect the intentions of the Race Committee. However, circumstances such as postponements, general recalls, etc. may cause the sequence and times to change. **THE VISUAL SIGNALS WILL GOVERN.**

It is incumbent on a sailboat to start in the start, class flag, whose rating band includes the sailboat's rating. This supersedes any published scratch sheets or web site. If a sailboat is shown in the wrong start on the web site or a scratch sheet, please contact the LOOR registrar at registrar@loor.ca ASAP. The OA reserves the right to override the rating bands to keep sailboats of the same class together. Any such sailboat will race using her assigned rating. The overrides for 2026:

- None
